Language Integration

The colors on the schedule above denote the language of instruction:

Blue = English ; Yellow = Hebrew ; Purple = Persian ; Green = Arabic

Centers (English and Persian), Physical Education, Garden, Reader's Workshop and Free Choice (at times) are integrated into our IB Units, which means the program of inquiry spans across all four languages. However, we will not be re-teaching lessons in multiple languages. The curriculum is intentionally developed that the concepts developed in the dominant language are used as building blocks to add new concepts in their developing languages. Various lines of inquiry will lead to deeper understandings of the central ideas.
